

NASA's Neurodiversity Network Summer Internship

NASA's Neurodiversity Network (N3) is looking for summer interns to work on projects with NASA scientists. The goal of the N3 program is to provide experiences for outstanding students, including those who identify as autistic, that will spark their interest in careers in STEM (Science, Technology, Engineering and Mathematics).

160 hours of work between
June 1 to September 1, 2026

Go to our website n3.sonoma.edu/internship/about
for more information and to submit your application
due by **March 1, 2026 at 11:59 pm PT**

Details:

All interns will be paired with a Subject Matter Expert (SME) from NASA's network. The work schedule will be mutually agreed upon by the intern and the SME.

Internships will be completed remotely during Summer 2026 and N3 interns will receive a \$1,000 stipend upon completion of their internship.

Eligibility:

Students must submit an online application and a teacher recommendation letter for full consideration. Visit our website for complete instructions.

Current high school students 16 years of age or older who have completed pre-calculus and at least two years of physical science courses are eligible.

Applicants who have taken calculus and can demonstrate coding experience are preferred.

Are you an
outstanding high
schooler interested in
working with NASA scientists
this summer?
